

**Light, lined outdoor softshell-jacket for extreme weather conditions**

Functional material made of recycled polyester with TPU-membrane  
 Wind- and waterproof (10,000 mm water column)  
 Breathable and permeable to water vapour (5,000 g/m<sup>2</sup>/24h)  
 Taped seams, waterproof zips  
 Light mesh  
 Full-length under-panel 2-way zip with chin protection  
 2 side pockets, 1 inner pocket  
 Fully adjustable hood  
 Hook and loop fastener for width adjustment on sleeves  
 Ergonomic fit, extended back section  
 Fashionable reflective details on the sleeves and at the back  
 Zip for decoration at the back  
 JN1179: Lightly waisted  
 Zips: YKK

**Fabric:** Outer fabric (140 g/m<sup>2</sup>): 100% polyester (recycled)  
 Lining: 100% polyester (recycled)

**Country of origin:** Volksrepublik China

**Customs tariff number:** 61023090

**Care instructions:**

**Partner article:**

**Ladies' Allweather Jacket**  
 Art-Nr.: JN1179

**Available colours**

#### **OEKO-TEX® Stoff**

The fabric of this article has been tested for harmful substances and certified acc. to STANDARD 100 by OEKO-TEX®

#### **Softshell**

Softshell with TPU membrane consists of three layers. Due to the microporous TPU membrane as middle layer the material is water-proof, wind-proof and breathable at the same time.

#### **Recycled Polyester**

PET bottles are recycled to create a new fashion. Plastic bottles are crushed, melted down and spun to yarn again, which is sometimes completely integrated into the production.

#### **Breathable-Permeable to water vapour**

Functional textiles must have the ability to transport moisture from the skin to the fabric surface as fast as possible. Permeability shows how much steam in grams can evaporate on a surface of 1 m<sup>2</sup> within 24 hours. The higher this figure, the more breathable the textile is.

#### **Water column from 1.500 mm**

The ability to withstand water pressure without moisture penetrating into the material is given by the water column (mm). The minimum standard is a water column of 1,500 mm.

#### **Taped seams**

To avoid moisture penetrating into the fabric, seams and stitches can get taped. Taped seams are 100 % water-proof.
